Companion feature is "The Singing Hill" with Gene Autry.

Fourth of July Committee To Stage Diamond Jubilee

Nomination and election of officers for Redwood City's Diamond Jubilee Celebration Committee has been turned over to this year's Fourth of July Committee.

The action was taken Tuesday night at the city hall upon recommendation of the nominating committee appointed at the last Jubilee meeting, Apr. 29, and was approved by representatives of 20 Redwood City civic organizations who were present.

The move closely followed suggestions that Redwood City's two big celebrations next year—the Diamond Jubilee anniversary, May 11, and the Fourth of July celebration—be closely integrated to make one mammoth celebration year.

Following this year's Fourth of July fete, its committee will meet to elect officers for the 1942 celebration. The set of officers so elected will also serve as heads of the Diamond Jubilee committee, which will again be called into session following the election.

Last night's meeting was called to order by Norman S. Menifee, temporary committee chairman and president of the Redwood City Chamber of Commerce, which sponsored the Diamond Jubilee preparations. Menifee turned the meeting over to the head of the nominating committee, Ole S. Oleson, who reported upon the decision to combine officers for next year's two big events.

These permanent Jubilee officers will consist of a chairman, vice chairman, secretary and treasurer. Should any vacancies still be open after officers are appointed by the Fourth of July committee this year, appointments will be made to fill them when the Diamond Jubilee Committee reconvenes.

Chairman Menifee reported that several other communities sponsoring similar fetes in the past had been contacted in regard to their methods and that a fund of helpful material was now awaiting study by the Redwood City group.

Pointing out that preparations for this year's Fourth of July celebration were rapidly nearing completion, Ole S. Oleson, chairman, said that an invitation would be extended to Fred S. McCargar, secretary of the California Rodeo at Salinas, to meet a week from Thursday with the July Fourth Committee. McCargar has served for several years as secretary of the National Association of Rodeos and is secretary of the Salinas Chamber of Commerce.

New Church Is Chartered

Redwood City now has a chartered First Christian Church, the first such in San Mateo County.

Presentation of the incorporation papers by Prof. W. B. Lockhart of Stanford took place Sunday at the Woman's Clubhouse, with the Rev. Charles J. Mobley, pastor of the Christian Church in Palo Alto, presiding, and with nearly 150 members and pastors of the church in Northern California participating.

Among those participating in the rites were the Rev. H. H. Powell of Los Gatos; the Rev. J. W. Woodruff, who had been installed only a few hours earlier as pastor of San Francisco's West Side Christian Church; Mrs. A. L. Devine of the Golden Gate Church, San Francisco, who sang; Rev. H. P. Hunter, San Jose; H. H. Searle, Santa Cruz; Elder Clyde Plants; Sunday School Supt. Mrs. Ruby Watson; Dr. G. L. Rose; G. Clark Slonaker, who reviewed the starting of the work here; William S. Mannen of Palo Alto, who sang; Dr. George W. Brewster of Palo Alto, who gave the sermon; Rev. R. L. McHatton, who started the building fund with $10, and others.

The Rev. John McClure is pastor of the new church.

Car of the Future on Display Here

Called "The Car of the Future," the new Chrysler Thunderbolt, pictured above, will be on display at the showrooms of Harry Dearborn, Chrysler-Plymouth dealer here, Wednesday, May 28, 4 p.m. to 6 p.m.. The Chrysler Thunderbolt is making a tour of the United States and has created a sensation wherever it has been shown. It is claimed the car establishes a new milepost in the history of aerodynamics and "fashioned-by-function" design.

Housing Needs Are Described

SAN MATEO—"Housing and democracy are inter-related. How can you expect a man to fight for something he has heard about but never has had a chance to have?"

The above thought was the key-note of the talk Tuesday at the San Mateo Junior College Auditorium by Langdon W. Post, regional director of the United States Housing Authority. He stressed the importance to democracy of having proper housing.

Co-speaker at the public meeting jointly sponsored by the Central Labor Council of San Mateo County and the Housing Authority of San Mateo County, was Catherine Bauer, consultant and authority on public housing. Mrs. Bauer explained the working of a housing authority.

Richard McAllister, president of the Central Labor Council, introduced Perry A. Bygdnes, chairman of the Housing Authority. Bygdnes, in turn introduced Supervisors Fred E. Beer, John Lynch and John W. Poole.

There are more meadow mice than any other mammal in the United States, W. W. Dykstra of the United States Fish and Wildlife Service reports.

Montreal will observe the 300th anniversary of its founding on May 18, 1942.

Key West is a coral island. It is about three and one-half miles from east to west, three-fourths to one and one-fourth mile from north to south, and about 11 feet above sea level.

Ogden Mills Estate Worth $8,732,833 Net

Ogden L. Mills, grandson of the founder of Millbrae and holder of property on the Peninsula, left an estate valued at $10,095,812 gross, $8,732,833 net, when he died Oct. 11, 1937, a transfer tax appraisal field in New York City has disclosed. Mrs. Dorothy Randolph Mills of Woodbury, N. Y., widow of the secretary of the treasury under former President Hoover, received a life estate in the residue.

Huge Crowd Dances At Gardeners' Party

"All kinds of records" were broken Saturday night, Woodside Gardeners Association members believe, by the dance at Foresters Hall at which Dude Martin's radio band played for the 10th annual affair. An estimated 1500 people jammed the hall to capacity for dancing following a floor show presented by the orchestra and entertainers. Some people were turned away because of the crowd.

United States mints, during the past fiscal year, have manufactured and delivered to banks more than 180,000,000 new nickels.

Airplane Album Offered

Marshall Headle, chief test pilot for Lockheed Aircraft Corp., Burbank, looks over the Richfield color pictures and album of the world's most famous fighting airplanes which are being given away at Richfield stations. The picture he is inspecting is Lockheed's Interceptor—one of the fastest fighting planes made. The unusual headgear worn by Headle is a crash helmet with a long sun visor. Each star on the helmet indicates one hour of flight made in the new Lockheed Interceptor, P-38.

Ribbons Also To Be Given

Three silver statuettes will be awarded as perpetual athletic trophies and 38 ribbons will be presented at the annual YMCA victory dinner tonight for intermediate school students of Sequoia district who have participated in major athletics during the past year.

At least 200 persons are expected to attend the dinner, according to Merlin C. Donaldson, YMCA secretary and chairman of the event. The dinner will be held at 6:30 p.m. at Sequoia High School cafeteria.

The three major awards made to winning teams in this year's YMCA athletics meet will go to Ravenswood school for basketball, and to McKinley school in Redwood City for both football and baseball.

Forty-four boys and 44 girls, members of the winning color teams in last Friday's YMCA field day, will be guests of honor.

A total of 38 winners in individual track events will be the recipients of ribbons to be presented by Kenneth L. Bowen, toastmaster for the evening.

Other events scheduled for the victory dinner include a discussion of inter-school sports by Coach Frank Griffin of Sequoia High School, a trombone solo by Lincoln Imboden, 20 minutes of slow-motion sports pictures, and group singing.

In addition to students of the Belmont, San Carlos, McKinley, Half Moon Bay, Ravenswood and Menlo Park schools present at the dinner, YMCA committeemen, school officials and parents will attend.

This year will mark the first time that silver trophies will be placed in perpetual possession of the schools. In order to qualify for this honor a school must have won the athletic meet event for three years.

Johns-Manville Journal

83 YEARS OF SERVICE TO HOMES AND INDUSTRY

J-M FAMILY ALBUM

Pioneer in Research—Johns-Manville has been a pioneer in industrial research. Even during the depression years J-M's research activities were expanded and since 1929 more than 5,000 J-M employees or half of the total working force owe their jobs to J-M's research, development and expansion program. Above is a typical scene in the J-M Research Laboratories at Manville, N. J.

A BARGAIN

A chance to buy the site of Johns-Manville asbestos mine at Asbestos, Quebec, now the largest and most valuable in the world, was once turned down by a farmer who thought it wasn't worth $50 as a place to grow corn.

It was sometime later when H. W. Johns, one of J-M's founders, began to develop uses for asbestos which have made this mineral one of mankind's greatest boons.

BETTER HOMES FOR AMERICA

Workers in Johns-Manville plants are helping to make homes all over America more comfortable and more healthful.

This company, for more than 83 years, has been developing and making materials to improve the American home. For instance, rock wool insulation to make homes warmer in winter and cooler in summer. Or asbestos shingles to protect against fire and weather. Or insulating board to provide cheaper, smart looking homes. And a long list of other things our grandfather never knew about.

All of these things of course may not be made here in the local J-M plant, but this plant is an important member of the J-M family of 17 plants and mines scattered all over the United States, which jointly render such real service in raising our standard of living.

Not only Johns-Manville, but all American industry is working all the time at this job of lifting the American level of living.

This community is helping in this good work, and Johns-Manville, through its 12,000 employees in plants and offices throughout the country, is telling the world what this community is doing.

300 J-M Men In Army, Navy

More than 300 employees of Johns-Manville are now serving their country in the Army and the Navy. Some are buck privates, bluejackets, petty officers and sergeants; others are shavetails, ensigns, captains and majors.

While these men are temporarily absent for training in the armed services capable substitutes are taking their places so that Johns-Manville will be able to continue to do its part in the national defense program by maintaining its production schedule.

Last year, and before it was provided for in the Selective Service Act, the company pledged itself to do its best to re-employ all Johns-Manville men who enlisted or were called for a year's peacetime training in the nation's armed forces. At the same time Johns-Manville determined to keep up group life insurance, and accident and health insurance for these employees during the one-year, peacetime training period.

"UNREAL REALITIES" IN THIS AMAZING AMERICA

OL' MAN RIVER'S BIRTHPLACE →

The mighty Mississippi, like most typical Americans, had a very modest start in life. Its birthplace, tiny placid *Lake Itasca* in *Minnesota*, looks little like the cradle of a giant whose arteries carry the very life blood of the vast Middle Western agricultural district—from fields of corn to fields of cotton.

←SCYTHE IN A TREE

In 1861 when James Johnson went off to war he hung his scythe in the crotch of a tree near *Geneva, New York*, and said not to move it until he came back. But he never came back and now nobody could move his scythe for it's embedded in the heart of the mammoth tree that's grown around it!

FJORDS INSTEAD OF FORDS →

Where cars once chugged along arid, sandy roads, only submarines and fish could travel today! *Boulder Dam*, in *Nevada*, made all the difference — backing up the largest artificial lake in the world, creating fjords that rival Alaska's in beauty, supplying power and light to cities hundreds of miles away, re-drawing the map!

FORTY MILLION ← PASSENGERS

More than 40 million trips are made in Greyhound buses during a single year, equivalent to almost a third the population of the entire United States. America is really going places . . . by Greyhound.

"Prakrit" is a term applied to the vernacular languages of India as opposed to the literary Sanskrit.

S. C. Woman's Mother Hurt, 3 Friends Killed

SAN CARLOS—Mrs. James Lane of San Francisco, the surviving member of an automobile accident in Martinez on Monday night, is the mother of Mrs. Milton Mau of Palm Ave., San Carlos.

Mrs. Lane, who is a Past Grand Arch Druidess, was en route to a Druids meeting in Martinez where she was to participate in the installation proceedings, when the accident occurred which resulted in the death of her three companions, Mrs. Carrie Kelleher, Mrs. Bonita Freeland and Miss Speranza Camous, all of San Francisco. Mrs. Freeland was driving.

Mrs. Lane has been moved to St. Joseph's Hospital in San Francisco where it is said she will recover. She suffered a spine injury, cuts and bruises, possible fractured hip and shock.

New Ice Follies To Open on Wednesday

SAN FRANCISCO — Sparkling with all new entertainment — new routines, new ensembles, new music and new production, the famed Ice Follies will return to San Francisco for a limited engagement at Winterland beginning next Wednesday, May 28.

The same cast of stars will be seen in the show and the same beauties who delighted some 750,000 central Californians in 1939-40 will do their ice ballet numbers.

Return of the Ice Follies to San Francisco will follow an Eastern tour in which all box-office records were shattered. Executives of the show declared that the "SRO" signs were out virtually every night in New York, Boston, Chicago, Washington, Philadelphia and other cities.

A big hit in the East were Murray and Sheldon Galbraith, San Francisco boys who were Pacific Coast skating champions when they joined the Follies at Winterland last season.

Favorite stars due back with the Ice Follies include Evelyn Chandler and Bruce Mapes, Bess Ehrhardt and Roy Shipstad, Frick and Frack, Shipstad and Johnson, Ruby and Bobby Maxson, Idi Papez and Karl Zwack, Osborne Colson and Fran Claudet and others.

Tickets for all performances are now on sale at Winterland, Post and Steiner Streets; and at Sherman Clay Co. in San Francisco and Oakland.

Job Office Placing Emphasis on Youth

Emphasis is being placed on youth this week by the San Mateo County office of the State Department of Employment. Wade Sargent, manager, said that young people between the ages of 16 and 24 who have no definite employment plans but are seeking work should register with his office this week. An increasing desire of industry to train and employ young people has been noted, Sargent said.

Take care of these servants when you plan your Home

Count up the many electrical devices you use in your home. Each year you have added one or more because modern living demands their handy, economical service. Then you begin to discover "traffic jams" develop in the wiring system in your house. It is a common condition in thousands of homes. These "traffic jams" at convenience outlets choke down the full flow of electric power so that appliances work slower due to the lower voltage.

Make sure the new home you plan to build or buy has wiring that will be adequate to take care of your electric servants and permit them to operate at full voltage and greatest economy.

Remember this—the difference between "skimpy" or "cheap" wiring and certified adequate wiring in the average home is very little.

Two new business buildings are to be erected in Menlo Park very soon. Work was delayed on account of the carpenter strike. It is believed a start will be made within 10 days.

★ ★ ★

M. J. Lavonche, who conducted the Class Barber Shop for the past six years, passed away suddenly last week. He was 66 years old and had lived on the Peninsula for a long time, during which he conducted barbershops in Redwood City, Palo Alto and Menlo Park. He is survived by a wife and one son. Mrs. Lavonche will manage the barber shop for the present.

James D. O'Kane arrived home this week from New York where he had spent a month on business.

★ ★ ★

Monsignor James Joseph Sweeney, who has been appointed bishop in Honolulu, is well known here, having spent 11 years at St. Patrick's Seminary. The new bishop-elect is a fine orator, a profound student and an energetic worker.

5-Mile Chase Costs Student $100 Here

A wild five-mile chase at 3 a.m. with Redwood City police in pursuit cost William E. Miller, 21-year-old Stanford University student, $100 when he appeared late Monday before Police Judge E. I. McAuliffe. He was fined that amount on a drunken driving charge preferred by Officers J. P. Donovan and M. F. Peterson after he had been captured following a chase from Redwood City to Embarcadero Rd. in Palo Alto. Officers said he drove at more than 80 miles an hour.

San Mateo County Achieves Record LOW Cost of Government

Now Has Second Lowest Per Capita Cost in Entire State and Lowest Cost Among Counties of Comparable Size!

Concrete evidence that San Mateo County government is carried on in a most economical and efficient manner is contained in the report of the CALIFORNIA TAXPAYERS' ASSOCIATION for the year 1939-1940. This is a certified and accurate report of detailed expenditures by a neutral group of citizens whose sole interest is to keep cost of government as low as possible.

These figures speak for themselves and prove conclusively that San Mateo County has a government operation of which the citizens can be justly proud.

HERE ARE THE FIGURES FOR COUNTIES OF COMPARABLE SIZE:

Industrial Campaign Plans Are Furthered

Possibility of having Port Manager Leslie M. Rudy undertake an intensive survey of industrial possibilities of Redwood City was being considered today by members of the board of port commissioners as the result of a proposal being advanced to them Tuesday by a subcommittee of the Redwood City Chamber of Commerce Industrial Committee.

Carl B. Stoner, committee chairman, James P. Hagan and Norman S. Menifee, chamber president, asked the commission if it would consider permitting Rudy to work part-time through the chamber in gathering data which would be needed in undertaking any intensive industrial campaign. The subcommittee had been authorized to take its action at a meeting earlier in the day of the industrial committee.

Port commissioners took the matter under submission after a brief discussion, and probably will not render a decision until their next meeting, June 3.

After the commission's decision is made known, the industrial committee will formulate a recommendation to be submitted to chamber of commerce directors.

Vegetarianism was known in ancient India and was advocated by Plato, Plutarch and others. It became a cult in England under George Cheyne in 1671.

Charges Hurled as First Mrs. Waters Sues for Estate

Mrs. Ronnie K. Waters, widow of the late James F. Waters of Woodside, San Francisco automobile magnate, is "improvident, spendthrift and frivolous," and unfit to administer the estate of more than a million dollars left by Waters, asserts his first wife, Mrs. Lura B. Waters, in a petition asking the San Francisco superior court to set aside an order making Mrs. Ronnie Waters special administratrix of the estate.

Mrs. Lura Waters' petition asserted the second Mrs. Waters had indulged in spending sprees after her marriage in 1937, had maintained a costly stable of race horses, and otherwise "recklessly expended and squandered enormous amounts of the said community property of affiant and said decedent, and has invested large portions of said community property in wasteful and frivolous amusement and entertainment."

The first Mrs. Waters declared she and her husband were penniless when they were married in 1919, both working to save the $13,000 with which Waters started his automobile business. When they were divorced in 1935, Waters gave her $50,000 as a community property settlement, but hid his true wealth from her, she declared. A suit in which she asks $450,000 more is pending.

The second Mrs. Waters last Monday was given letters as special administratrix, with a $5000 monthly allowance for household expenses.

Fines To Assure Aid At July Fourth Fete

To assure complete co-operation with the Redwood City Fourth of July Celebration, the 20-30 Club last night voted a dollar fine against any member who fails to appear at the parade dressed in western regalia. The club plans to have a float in the parade, and will operate a cigaret concession at the rodeo.

Pres. Fred R. Silvey named a nominations committee, including Don McCord, chairman; Oran L. Armes, Jack Reynick, Bob Ayers, Al Pushkin, Bill Gobie and Eldon Mabie. Election of officers will be held next week.

Plans were made for a picnic to be held June 8 with the Palo Alto club. Sid Martenstein and Jack Thomas are in charge of arrangements. A softball game between the two clubs will be a feature of the day.

Army Inspects Plane Engine Model

DEARBORN, Mich.—A model of the 1,500-horsepower experimental airplane engine being built by the Ford Motor Company was inspected recently by Maj. Gen. H. H. Arnold (left), deputy chief of staff, and other high army officers during a tour of Ford defense work. Gen. Arnold is shown with Henry Ford (center) near the engine model. This new supercharged Ford aircraft engine, a V-type, 12-cylinder, liquid-cooled design, is expected to deliver more power for its weight than any engine now on the market.

$57,134 Saved in County Relief

A saving of $7395.82 to the county and $49,739.15 to the state in the last 13 months by elimination of "chiselers" from the relief rolls through use of an investigator employed by the San Mateo County Unemployment Relief Committee was reported here to the board of supervisors by Mrs. H. S. Dana, chairman of the committee.

In a letter to the board, Mrs. Dana pointed out that Russell Kiltin, the committee's investigator, had found 86 ineligible persons who had been receiving relief funds. She emphasized that none of these had been certified by the present administration headed by Edwin James Cooley of San Francisco, but that all had been admitted to relief benefits prior to Cooley's appointment as SRA director for this area.

Mrs. Dana's letter was of an informative nature "to bring to the attention of your board and the public of San Mateo County, the great savings made through the careful investigation of unemployment relief rolls by Russell Kiltin who is employed by the . . . committee."

"These unemployed persons were justifiably separated by the SRA on the basis of Mr. Kiltin's findings," the letter said, pointing out that the total saving for 13 months as a result had been $57,134.97.

Chester C. Montgomery Of Menlo Park Dies

Stricken suddenly ill, Chester C. Montgomery of 643 Middle Ave., Menlo Park, a former resident of Redwood City, passed away at his home Monday afternoon. A heart attack was the cause of death.

Mr. Montgomery, who was 46, was a service man for the California Water Service, for whom he had worked 12 years. He was a World War veteran.

His wife, Vivian; two children, Marjorie F. and Chester Jr.; his parents, Mr. and Mrs. Henry Montgomery of Oregon; a sister, Mrs. Florence Hamilton, and a brother, John Montgomery, both of Oregon, survive him.

Dr. J. N. Blood Heads Selectee X-Ray Work

Appointment of Dr. John N. Blood, Redwood City physician, as chairman of the medical committee in charge of administration of chest X-rays for selectees was announced here by the San Mateo County Tuberculosis and Health Association, whose executive committee met last night.

The association has offered free X-ray examinations of all army selectees.

Other chairmen include Dr. Harry C. Warren of Belmont, medical committee; Mrs. J. M. Foley, San Mateo, nursing; Dr. J. St. Lester Russell, Burlingame, rehabilitation; Mrs. Florence Donnelly, Redwood City, education; T. N. Thompson, Redwood City, budget; Francis J. McConville, San Mateo, legislation; Daniel O'Connell, Burlingame, publicity.

$32,424 Estate Left By George Underhill

George Underhill, pioneer Redwood City resident who at the time of his death Feb. 21 was superintendent of maintenance at the courthouse, left an estate valued at $32,424.95, according to an appraisal filed in superior court here. A total of $15,500 worth of the estate was in real estate, the remainder in cash, stocks and personal property. Mr. Underhill bequeathed $7500 cash to his wife, Leona; the remainder to his niece, Mrs. Adelaide B. Caskey, Redwood City school principal.

Completion Of Housing Survey Slated

Substandard housing conditions and shortage of low-cost dwellings in Redwood City has led the city council to authorize the Housing Authority of San Mateo County to complete its survey here and carry out its low-cost housing program, without cost to the city.

The council also acted to withdraw the city's support from the San Mateo County Free Library, diverting the funds to the city library.

Perry A. Bygdnes, chairman of the housing authority, pointed out that a recent preliminary survey in Redwood City showed that this is one of four communities in the county in most urgent need of aid in solving its housing problem for low-income groups.

Bygdnes said $750,000 has been allocated to the county housing authority and that Colma, Daly City, San Mateo and Redwood City would receive first consideration for housing programs.

NO COST TO CITY

The purpose of the authority, Bygdnes explained, is to overcome a shortage of "decent, safe and sanitary dwellings" for families in the low-income brackets. He pointed out that the program would be carried out without cost to the city.

On the motion of Councilman Evans A Fletcher, the council adopted a resolution inviting the authority to extend its program to Redwood City and authorized Mayor Harold F. Anderson and City Manager C. L. Dimmitt to enter into a co-operation agreement with the housing authority, enabling the authority to act in the city. The resolutions were presented by Atty. F. E. Hoffmann of San Mateo.

The word rosary is derived from the Latin word rosarium, which originally meant a garland of roses and used to crown the image of the Virgin Mary.
